Subject: EPA Water Sample Results and Wisconsin DNR Nitrate Fact Sheet

Hi [REDACTED]

I have attached the results of the water samples EPA collected from your basement bypass on May 3rd, 2018.

I am also attaching Wisconsin Department of Natural Resources Fact Sheet on Nitrates. It explains what nitrates are, what are the risks if nitrates are in your well, health risks, who you should contact if you have questions, and other pertinent information.

As you are aware Juneau County Health Department has conducted its only sampling of private wells and is interested in obtaining the sample results that EPA collected on May 3rd. Barb Theis is asking if you would send the results to her by e-mail at btheis@co.wood.wi.us. If you have any questions, you can contact me at 312-886-1463 or by e-mail at Burdett.cheryl@epa.gov or Barb Theis at 608-847-9373.

Sincerely,

Cheryl Burdett
